111 學年度應屆畢業生畢業學分注意事項
Guidelines on Credit Requirements for Graduating Students

一、適用貴系「108 學年度學士班學生畢業條件明細表」，請參閱貴系網頁公告。108 學年度以前入學學生（含轉系及轉學生），若因休學、延畢、降轉，預計 108 學年度畢業者，適用貴系學生「**入學學年度**學士班學生畢業條件明細表」。

For students that first enrolled at NCHU from the 2019 Academic Year or beyond, please check your department's website for the "Undergraduate Degree Program Graduation Requirement Checklist for the 2018 Academic Year." For students that first enrolled at NCHU before the 2019 Academic Year (including transfer & department transfer students) but will be graduating in the 2019 Academic Year due to suspensions, deferred graduations, or being sent to a lower grade, please refer to your department's "Undergraduate Degree Program Graduation Requirement Checklist" for your **year of enrollment**

二、英文畢業門檻自 98 學年起入學新生適用，請詳見「學生英文能力畢業標準檢定辦法」（http://140.120.49.149/download/rule/C37.pdf），已通過校外英檢者，請持證明向語言中心登錄；未通過者，則請參加語言中心舉辦之校內英檢輔導課程。

For students that first enrolled at NCHU from the 2009 Academic Year or beyond, please refer to the "NCHU Guidelines for Including English Proficiency as a Graduation Requirement" (http://140.120.49.149/downwithdrawald/rule/C37.pdf). Students that have already passed English proficiency tests by third-party institutions, please submit your test results to the NCHU Language Center for registration. Students that have yet to pass English proficiency tests, please enroll in Extension Courses provided by the NCHU Language Center.

三、全學年之課程無論修習上學期或下學期的課程，只要成績及格者將採計其畢業學分數，唯不得超出各學系規定之外系學分數的限制。

For full-year courses, students can take/ pass either the fall semester or spring semester course to acquire credits for graduation requirements but should not exceed their department's limits for credits from other departments.

四、同一課程重複修習二次以上者，畢業資格僅採計一次修習之學分。（修讀輔系、雙主修者亦同）

If students choose to take the same course twice, only one of the course's credits will be counted towards their credit requirement for graduation. (The same applies to those pursuing minor or double major degrees)

五、通識課程 101 學年度起新增學群制，101 學年度以後入學學生需修習各領域各 2 個以上不同學群課程，修習所屬學系隸屬學群之通識課程，至多可採計 1 門。107 學年度起**修習國防教育類課程，至多可採計 1 門為通識畢業學分。**

Starting from the 2020 Academic Year, the NCHU categorizes general education courses into disciplines. Students that first enrolled at NCHU from the 2020 Academic Year or beyond shall enroll in 2 or more courses from different disciplines in all domains. Departments are also categorized into domains, and students will only be able to receive credits for 1 general education course from their department's domain. Starting from the 2018 Academic Year, students will only be able to receive general education credits for 1 National Defense Education course.

六、學士班應修習資訊素養類課程 1 學分，得免修之學系（學位學程）或學生資格由本中心另行公告。學生修習所屬學系（學位學程）得免修之資訊素養類課程，不採計為通識畢業學分。

Undergraduate students shall take 1 credit course in Information Literacy. Departments (degree program) or conditions that qualify a student to be exempt from taking the course will be announced separately by the Centre. Students of department (degree program) exempt from taking Information Literacy courses, the scores will not be calculated into general education credits for graduation when taking the courses.

七、常見無法採計畢業學分情形：
1. 本系課程未經系方同意，逕修外系同名稱課程相抵者。
2. 超過本系規定之外系學分。
3. 體育課程其學分數依規定不計入畢業總學分數。
4. 本系規定超修之通識課程不得計入畢業學分者。
5. 本系規定不採認之通識課程。
6. 人文、社會、自然三大通識領域，未修習**各 2 個以上不同學群**課程。
7. 教育學程學分。

8. 其他：本系或雙主修學系、輔系規範之學分採認條件。

Common causes of credits not being counted towards graduation requirements:
1. If students enroll in a course of the same name that is already provided by their departments without prior approval from their departments.
2. If students have acquired more credits from other departments than permitted by their departments.
3. If students have taken PE courses that are, according to regulations, not counted towards graduation requirements.
4. If students have acquired more general education courses than required and their departments do not count the additional credits towards graduation requirements.
5. If students have enrolled in general education courses that are not recognized by their departments.
6. If students have failed to enroll in general education courses from **2 or more disciplines** in the domains of Humanistic, Social Science, and Natural Science.
7. Credits from the Education Degree Program.
8. Others: Graduation requirement regulations set forth by the student's department, double major department, or minor department.

三、自審：請登入教務系統，點選「畢業離校/畢業學分檢視表」確認畢業學分是否足夠。

Self-check: Please log on to the Academic Affairs System and select "Graduation Clearance/ Graduation Credit Checklist" to confirm if you have enough credits for graduation.
