C. Credits transfer: Maximum 9 credits	In accordance with the university's credit transfer policy, students must apply for credit transfer before the course addition/withdrawal deadline of the semester in which they are admitted.				
D. Elective undergraduate courses counted towards graduate program graduation credits	According to the university's course selection regulations, graduate students must have their semester coursework plan approved by their advisor, the department/institute/graduate program administrator.     Graduate students, based on academic needs, may, with the consent of the course instructor, choose relevant undergraduate courses in addition to the basic credits required by their department/institute/graduate program. If these courses are to be counted toward graduation credits, approval must be obtained from the department/institute/graduate program administrator.  Only a maximum of six credits may be accepted through this method.				
Approval of credits from other departments or institutes:     No upper limit in terms of maximum credit, subjected to review and approval by academic supervisor	This includes credits earned through inter-institutional course selection.				
F. Required coursework and credits: Total of <u>16</u> credits	1. Students who fail the required coursework are required
